Certifications

Our members have several types of certifications at numerous levels in the fields of Program Management, Project Management, Contracting, Systems, Logistics, Acquisition and many other disciplines.

U.S. Air Force, Electronic Systems Center

Since 1988. Supporting the USAF Electronic Systems Command at Hanscom Field in Massachusetts. Selected by ESC (2002), as Small Business Contractor of the Year, for providing exceptional program management, acquisition, administration, information technology, engineering, test and evaluation services.

**NATO Airborne Early Warning and Control Programme
Management Agency (NAPMA)**

Since 1988. Continuously under contract to provide functional experts in IFF, sensor data fusion, computer hardware and software, logistics, and testing. We support development, production, test and installation of an extensive suite of system upgrades in the NATO E-3A fleet.

Transportation Security Administration (TSA)

Since 2002. Partnered with Lockheed Martin to support TSA's nationwide Airport Specialized Security Training (SST) Program and Transportation Worker Identification Credential (TWIC) Program. Providing skilled, program oriented technicians, 24/7 customer support, storage logistics, property management, equipment and software maintenance and configuration, publications management and configuration and document control.

Also partnered with Siemens to arrange and manage the movement of large screening machines used at the nation's airports, coordinating all freight, delivery and rigging requirements.

U.S. Navy Space and Naval Warfare (SPAWAR) Systems Center

Windmill's Tactical SATCOM Systems Team designed, developed and field tested the AN/PRS-11 SPRS, a unique, lightweight and rugged Suitcase Portable Receive Suite (SPRS) for warfighters needing reliable, portable connection to the Global Broadcast System (GBS). Originally developed under the Air Force SBIR program, this product won a 2007 Defense Acquisition Challenge program sponsored by SPAWAR.
